

“REACH DECLARATION”

(Registration, Evaluation and Authorisation of Chemicals)

STATEMENT OF COMPLIANCE

The products supplied by Unicolour Limited under the scope of EU Regulation 1907/2006 EC (REACH Regulations). All substances must be pre-registered with the European Chemicals Agency before 1 December 2008 (or be fully registered). The regulation defines the phase-in period applicable for each substance dependant on the tonnage imported into the European Community. After that date the substance must be fully registered.

This statement confirms that any products supplied by Unicolour Limited is compliant with the REACH Regulation in so far as all the contained substances either

- Have been pre-registered and their phase in periods have not expired
- Have been fully registered
- Or are not subject to registration
